TALKING ABOUT A PICTURE

In the background you can see

There is a guitar case on the floor . **so I suppose /assume** they are

You can tell it is summer as everyone is wearing summer clothes

The picture on the right shows some buskers performing

They look like friends. **It looks** quiet. **It looks as if they** are having a great time.

After the concert, **they will probably**

Some ideas to help you talk:

How important is music in your life?

How much time do you spend listening to music each day or week?

Do you think music is getting better or worse?

Do you ever go out to listen to music live? When was the last time you went to a concert/gig? Gig /gig/ is a slang word than means live performance
