

## HAVE SOMETHING DONE

- **Situation one: at a wedding**

Introduce a situation such as a Wedding . Talk about the preparations required for such event and the fact that one person cannot do it all alone. Ask the students what the solution is or how they cope to elicit that they pay people to do it for them

### **Some hints:**

Wedding dress/ design

Hair /do

Photographs /take

Nails /do

Wedding cake /decorate

Invitations / send

Music at the ceremony /play

Situation 2. Being rich

Students imagine they are rich and could have all sorts of things done for them, annoying everyday chores that nobody likes doing plus some luxuries that money allows for

I'd have my back massaged every day.
